## TECHNICAL SKILLS

- C Language
- C++
- Python
- UI Design with Figma
- HTML & CSS
- JAVASCRIPT
- MYSQL
- NODE.JS
- REACT.JS
- Tools: Visual Studio, Jupyter
- WordPress
- PHP Basic

## CERTIFICATIONS

## PROJECT EXPERIENCE

### Chatbot for Healthcare

- Role:** Frontend Developer
- Duration:** 5 Months
- Team Size:** 4 Members
- Technologies & Tools:** HTML, CSS, Flask, MySQL, Chatterbot
- Framework:** React.js
- Description:** Developed a healthcare chatbot that offers advice based on user symptoms. The bot provides automated responses for preliminary diagnosis and treatment suggestions using the Chatterbot framework and MySQL for data storage.
- Key Contributions & Learnings:**
  - Designed the frontend using HTML and CSS.
  - Integrated Flask as the backend to handle user interactions and data flow.
  - Configured Chatterbot for interactive conversation flow between the bot and the patient.

## EDUCATION

- Pursuing Bachelor’s Degree in CSE from Bajaj Institute of Technology[2025]
- Completed HSC from Maharashtra Board [2021]
- Completed SSC from Maharashtra Board [2019]

## ACHIEVEMENTS

- Secured a top 3 ranking at college level.
- Awarded the **Lila Poonawalla Scholarship** for academic excellence during graduation.

## LANGUAGES KNOWN

- English
- Hindi
- Marathi
- Spanish(Basic)

## HOBBIES

- Reading
- Exploring New Things
